EXPERIENCE

WEB DEVELOPER   01/2025 - Present
JOB RECRUITMENT SYSTEM USING NLP

The Project contains the following features:

- HR and Candidate interface.
- Gemini API integration.
- Resume Ranking.
- Interview Scheduling.

I have implemented the whole integration of Gemini API,NLP and interview scheduling for this project user interface using MEAN stack.

WEB DEVELOPER   12/2024 - 01/2025
TASK MANAGEMENT SYSTEM

- I developed the whole project by myself.
- It is an task management application where user can add, delete and modify the tasks.
- The tasks are also assigned with a status. when the task is accomplished it is moved to a different component.
- This Project gave me a brief understanding about the implementation of MEAN stack.

FRONT END DEVELOPER   11/2024 - 12/2024
DRUM KIT PLAYER

- I implemented the whole project by myself.
- I have created a decent front-end using HTML ,CSS, JavaScript.
- I have also used keyboard key's to respond to my application.
